WARREN'S FIRE AND WATER PROOF
Roofs have established for them. monials from various parts of the Union, admit their superiority

over all other roofs. They have been used upon Dwelling Houses of the first class, ness cannot be excelled. Ware Houses, Railroad Depots, and Manufacturies, and have been pronounced by Architects, Builders and others who have to the following testimonials. a knowledge of their merits, to be of greater durability, and to be possessed of fire and water resisting properties, to an extent beyond that of any Roof now in use. These Roofs require an inclination of only one inch to the foot.

They can be used for a promenade, and for drying purposes; the ice. and are made available in case of fire to adjoining buildings. The materials of which these Roofs are composed, are not affected by changes of temperature. The cost is less than that of any other Fire Proof Roof now i affected by the jar of machinery; and in case of injury, no Roof

is so easily and quickly repaired. special By-Law, made an exception in favor of Warren Roofs, them to the attention of those fitting out whale ships. to the Law prohibiting the erection of buildings in the City. And numerous other testimonials from Builders, Insurance Officers, Railroad Corporations and others, which attest the superiority of this Roofing over all others for cheapness, efficiency, and durability combined, may be seen at the Counting Room of C. BREWER 2d. For sale by J. F. B. MARSHALL. (13-tf)

THE PACIFIC Commercial Advertiser.

"WANTED-AN HONEST, INDUSTRIOUS BOY."-This, the ordinary heading of an advertisement, which may be found in the columns of the daily journals in every commercial city or town in the Union, affords a text for one of our exchanges, which is worthy of being transferred to pages, especially as it conveys to every boy an impressive moral lesson.

"An honest industrious boy" is always wanted; He will be sought for ; his services will be in demand . he will be respected and loved; he will be spoken of in terms of high commendation ; he will always have a home; he will grow up to be a man of known worth and established character. He will be wanted. The merchant will want him

for a salesman or a clerk; the master mechanic will want him for an apprentice or a journeyman; those with a job to let will want him for a contractor; parents for a teacher of their children; and the people for an officer.

He will be wanted. Townsmen will want him as a citizen; acquaintances as a neighbor; neighbors as a friend; families as a visitor; the world as an acquaintance; nay, girls will want him for a beau, and final-

ly, for a husband. An honest, industrious boy! Just think of it, boys; will you answer this description? Can you apply for this situation? Are you sure that you will be wanted? You may be smart and active, but that does not fill the requisition-are you honest? You may be capable-are you industrious? You may to well-dressed, and create a favorable impression at first sight-are you both "honest and industrious?" You may apply for a "good situation"-are you sure that your friends, teachers, acquaintances, can re commend you for these qualities? O, how would you feel, your character not being thus established, on hearing the words "can't employ you." Nothing else will make up for the lack of these qualities. No readiness or aptness for business will do it. You must be honest and industrious-must work and labor ; then will your "calling and election" for places

of profit and trust be made sure .- Hunt's Merchants' Magazine. He that instructs one that thinks himself wise enough, hath a fool for his scholar; he that thinks himself wise enough to instruct himself, hath a fool

for his master. Is FRIDAY AN UNLUCKY DAY .-- From time immemorial, Friday has been frowned upon as a day of ill omen. And though this prejudice is less prevalent now than it has been of yore, when superstition had general sway, yet there are many even in this matter of-fact age of ours who would hesitate on a day so inauspicious, to begin an undertaking of momentous import. And how many brave mariners, whose hearts unquailed could meet the wildest fury of their ocean home, would blanch to even bend their sails on Friday. But to show with how much reason this feeling is indulged, let us examine the following important facts, and we will see how little cause we have to dread the fatal day :

On Friday, August 31, 1492, Christopher Columbus sailed on his great voyage of discovery. On Friday, Oct. 12, 1492, he first discovered land. On Friday, Jan. 4th, 1493, he sailed on his return to Spain, which if he had not reached in safety, the happy result would never have been known, which led to the settlement of this vast continent.

On Friday, March 15, 1493, he arrived at Palas in On Friday, Nov. 22d, 1493, he arrived at Hispanicla in his second voyage to America. On Friday, June 13th, 1494, he, though unknown

to himself discovered the continent of America. On Friday, March 5, 1496, Henry VII of England, gave to John Cabot his commission, which led to the discovery of North America. This is the first American State paper in England.

On Friday, Sept. 7th, 1566, Melendez founded St. Augustine, the oldest settlement in the United States by more than 40 years. On Friday, Nov. 10th, 1620, the May Flower with the Pilgrims made the harbor of Provincetown. And

On Friday, Dec. 22d, 1620, the Pilgrims made their final landing at Plymouth Rock. On Friday, Feb. 22d, George Washington, the On Friday, June 16th, Bunker Hill was seized and

CAPT. ROBERT BROWN-My dear Sir: I used your Bomb Henry Lee, that the United Colonies we and of It was on Friday, June 6th, 1856, that James Buchanan, and J. E. Breckenridge were nominated for the Presidency. Thus, by numerous examples, we see that however

it may be with other nations, Americans need never dread to begin on Friday any undertaking, however momentous it may be .- Norfolk Beacon. BE Systematic .- It will add more to your convenience and comfort through life than you can now imagine. It saves time, saves temper, saves patience. and saves money. For a while it may be a little

to do right than wrong; that it is easier to act by rule than without one. Be systematic in everything; let it extend to the most minute trifles, it is not beneath you. Whitefield could not go to sleep at night, if, after retiring, he remembered that his gloves and riding whip were not in their usual place, where he could lay his hand on them in the dark, or any emergency; and such are the men who leave their mark for good on the world's history. It was by his systematic habits from youth to age that Noah Webster was enabled to leave to the world his great dictionary. "Method was the presiding principle of his life," writes his

biographer. Systematic men are the only reliable men; they are the men who comply with their engagements. They are minute men. The man who has nothing to do, is the man who does nothing. The man of sys-For sale by the undersigned in any quantity, delivered in bulk tem is soon known to do all that he engages to do : to alongside the wharf or vessel in Honelulu, very superior Puuloa do it well and do it at the time promised ; consequently he has his hands full. When I want any mechanical job done, I go to the man whom I always find busy, and I do not fail to find him the man to do that

And more, teach your children to be systematic. Purchasers here and abroad, who wish to procure the best salt | Begin with your daughters at five years of age ; give them a drawer or two for their clothing; make it a point to go to that drawer any hour of the day and night; and if each article is not properly arranged, give quiet and rational admonition; if arranged well, give affectionate praise and encouragement. Remenber that children, as well as grown people, will do more to retain a name, than to make one.

THE WONDERS OF CHEMISTRY .- The strides which the science of chemistry has made in the last few years cannot be otherwise than surprising to those unaccustomed to reading the scientific papers. Candles resembling the finest wax are now made

Mr. Jacobs, will hereafter carry on the from coal, and from the Peatbogs of Ireland. Beautiful white paper is made from straw and pine shavings. Water can be frozen in a red hot crucible.

> Gutta Percha and India Rubber can be made as hard as steel. The offal of the streets, and the washings of coal gas, reappear carefully preserved in a lady's smelling bottle, or are used by her to flavor blanc mange for her friends.

Marble which rivals the finest Egyptians, is manufactured by a chemical process. Copper and Iron, have been detected in the blood of human beings. The action of Nitric and Sulphuric acid on cetton

produces a substance more destructive than gunpow-. Diamonds and pearls are made by a chemical process .- Farm and Shop.
